File No 174 24

FILE HEADING.

Revision of the estimates sanctd. for effecting certain improvements to the Gumbay & the bunds &c. attached thereto at Ganjam in the Vizagapatam Dist.

From

The Chief Engr. of Mysore -

No. 9025 Dated 17-12-24 Received

Diary No. 984	Enclos	Spare Copies	Serial No. 1

BRIEF ABSTRACT OF LETTER.

S. states that the contractor claims payment at the rate of Rs 84/- for repairs to terrace & the Rubble rate of Rs 3/- for repairs to small cracks; & recommends that pay may be made at the above rates for cracks, less 2½% & that the recd. of the Civil rate for repairs to terrace -

NOTES AND ORDERS

The Board's proceedings of the same was laid [illegible]

An estimate for the works for Rs 4500 was sanctd. in G.O. No. 1411-12 Rev. of 1924 & 25 [illegible] the cost was reduced to Rs [illegible] for repairs & new bunds of the cross bar -

NOTES—First Sheet.

justification and from Stores Rundo (P. W. D.)

2 A slightly revised estimate for Rs 24,539, the increase being only Rs 30/-, was sanctd in P.O No 1066-8/Mug 112-23-2 & 9 2-24, the excess cost being met in the same proportion.

3 The Exe. Engr. states that the Sup. Engr. provided in this estimate a uniform rate of Rs 3-8-6 per foot for removing big & small crafts, as against rates of Rs 3/- & Rs 5/- for small & big crafts, respectively, provided in the original estimate. Before the revised estimate was subd for sanction, payments to the contractor had been made according to the sanctd estimate, & the Exe. Engr. considers that it is right to pay the contractor at the same rate of Rs 3-8-6/- per foot sanctd in the revised estimate and therefore he commends the payt of Rs 5/- & Rs 3/- less P.O for big & small crafts, respectively & inclose the vouchers. The payment, as such, to be effected, will result in an excess of Rs 7-8-6.

4. As regards the higher rate for repairs to terrace at Rs 3½-2-0 against Rs 3-0-0 in the previous estimate, the Exe. Engr. considers that the contractor's not

NOTE—Contn Sheet

entitled to it.

5. The points for orders are:-

1) Payment to contractor at the rates recommended, pending subn of a regular revised estimate.

2) Allotment of funds viz Rs 706.

This will have to be met, as before, equally from the institution & State (P.W.D.) funds.

3) The extra charge involved if 22.12.24 the Chief Engr's recommendations sanctd is Rs 706. Under the circumstances brought out by the Chief Engr the reconn made may perhaps be sanctd. The extra charge having met from the funds of the Govt.

No. 9025

MYSORE PUBLIC WORKS DEPARTMENT,
CENTRAL OFFICE,
Dated Bangalore...17...December.....192 4.

FROM J.Bhore, Esq., A.M.I.C.E.,
~~S.GADAMBY, Esq.,~~
Chief Engineer of Mysore, Bangalore. 984

To

K.V.Anantaraman, Esq., B.A., Mem.174-24-1
Secretary to Government,
Revenue Department,
B a n g a l o r e.

SIR,

With reference to C.O.No.1066-8/Muz.112-23-2 dat 9th February 1924, sanctioning the revised estimate amount in Rs 24,539 for effecting certain improvements to the Cumbuz buildings attached thereto at Gamjam in the Seringapatam Ta have the honour to inform you that the original sanctioned for Rs 24,509 provided for the items of work detailed in the margin.

2. After the tender for the work was accepted and during the execution of the work, the Superintending Engineer inspected the works and ordered the omission of certain items, the alteration of a few items and the execution of certain additional works not included in the sanctioned estimate, and called for a modified estimate for the whole work. The proposal to construct the lumber room was then given up.

3. The estimate modified as per instructions of the Superintending Engineer came to Rs 25,550 and exceeded the original sanctioned estimate by (Rs 25,550 - 24,509) = Rs 1,041. Provision was made in this estimate for an increased rate of Rs 34-8-0 against the accepted rate of Rs. 30 for removing the old plaster and providing three courses of flat tiles and plastering. At the same time, the Executive Engineer provided in this estimate a uniform rate of Rs 3-9-6 per foo

for repairing big and small cracks as against rates of Rs 3 and Rs 5 for small and big cracks respectively, of the sanctioned estimate of Rs 24,509. The rates accepted as per tender are Rs 5 and Rs 3 (less 2½ per cent) for big and small cracks respectively, and the Executive Engineer had already paid for the full length of 1851 feet of small cracks at Rs 3 per foot, and at Rs 5 per foot (full rate) for 194 feet of big cracks, and at Rs 4 per foot (part rate) for the rest. Cracks with aggregate length of 1540 feet had been classified as big. The amount due to the contractor according to the uniform rate of Rs 3-8-0 per foot would be less by Rs 1,240 than as per accepted tendered rates. While forwarding the revised estimate to Government, the then Chief Engineer, Roads and Buildings accepted the uniform rate for cracks, but rejected the Executive Engineer's recommendation for the higher rate of Rs 34-8-0 for repairs to terrace.

4. The contractor has now submitted a petition claiming the rate of Rs 34-8-0 for repairs to terrace and the tendered rates of Rs 5 and Rs 3 for big and small cracks. When the tendered rates are different for big and small cracks, when classification had already been made and payments made at Rs 5 full rate and Rs 4 part rate for big cracks, I consider that it is not fair to pay the contractor at the uniform rate of Rs 3-8-0 per foot sanctioned in the revised estimate and that his claim for the tendered rates reasonable.

5. I therefore recommend sanction to the payment of Rs 3 and Rs 5 less 2 per cent for small and big cracks respectively, to the contractor, and to close the accounts of the work accordingly. As regards the higher rate for repairs to terrace as prayed for by the contractor, I do not think he is entitled to it.

6. The favour of sanction is requested (1) to payment of amount to contractor as per rates now recommended, pending submission of regular revised estimate, and (2) to allotment of funds. The excess

over

over the estimate which would be caused, if the above recommendation is given effect to, will be about Rs. 706.

I have the honour to be,

Sir,

Your most obedient servant,

16-12-24

Chief Engineer of Mysore.
